*"Working for you not the dairy"*

**We are UK leaders in sourcing, processing and supplying high quality grated and block cheeses to the restaurant, take-away and wholesale food sectors.**

Focus, flexibility and personal service, supported by a rolling program of investment in state of the art facilities, underpins an expansion plan which will establish the business as one of the UK's largest independent suppliers of dairy ingredients.

**Successful Working Partnerships**

Dairy Partners is committed to working alongside you to meet the most challenging delivery, specification and format requirements. Please call William Bennett on 01453 828 890.

**Trialling New Products**

Committed to enhancing our current product range to meet the ever changing demands of the market, we work with our customers to trial new food flavours, applications, and handling requirements.

We work closely with customers to:

- Improve shelf life
- Enhance taste
- Improve consistency levels
- Increase productivity and efficiency
- Reduce costs

**Ingredients**

Dairy Partners provides a wide and flexible range of block, grated and shredded cheese ingredients.

We supply product development advice and solutions for the food service sector, assisting in products including ready meals, sauces, dips, dressings and snacks.

**Casa Italiano**

Our own brand pizza cheese, Casa Italiano, has been developed to provide the very best cooking and eating experience.

We use the minimum anti-caking agents and grate from the block, not the offcuts. This ensures a consistent shred length and minimises the microbiological threat.

All our grates are tested to operate to the melts required in manufacturing processes.
